Dear Treasure Hunter,
Welcome to the ATH. Your job is to find the hidden treasure box. Use the following pages to help. The letters are the key to solving the code, moving down and across and wrapping round where necessary; once you have found from where to start.

So solve the questions, identify the pictures and crack the codes. Everything is there to help; except for those things that might lead you astray. In general, take surnames in preference to given names, unless thematically linked. To gain credit, justify your answers with respect to the themes rather than just identifying content. If you're unable to get to the treasure location, e-mail the reason to me with as much detail as possible about where it is, including a map marking the position. Send this as soon as you know the location, rather than as part of your full submission, credit will be given as detailed on the website.

The closing date for entries is midnight on Monday 14th January 2019. If this is the first time you've entered the ATH, mark your entry ATH Virgin to be eligible for special acclaim. Please send entries to mike.wood@cgi.com in either .pdf or an MS readable form. In the event of a tie, the earliest entry received will be given preference.

Remember, it's meant to be fun.

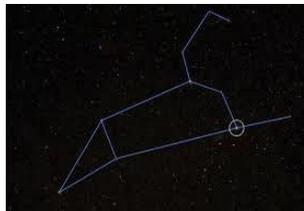

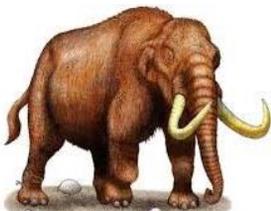

Regards,
Mike
